

INSECT BOX

BR-278 HERBARIUM PRESS

Heavy duty wooden planks finished in paint are used as pressure plates. Provided with flynuts for putting sufficient pressure. Size 45 x 30 cms.

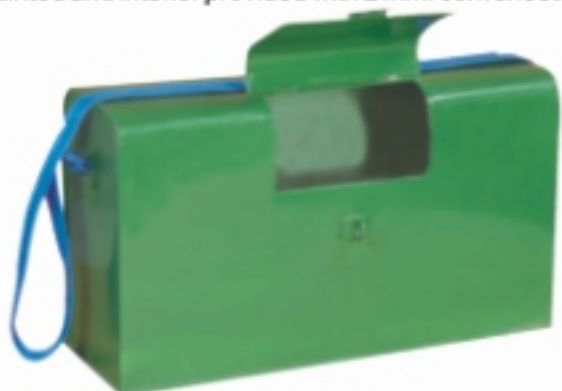

BR-279 HERBARIUM PRESS FOR FIELD USE

Light and Handy. Made of wooden frame. Pressure can be applied by means of story belts provided on it. Size 45 x 30 cms.

BR-280 BOTANICAL VASCULUM

For collection of botanical specimens from field. Made of 22 SWG aluminum sheet. Handle and adjustable holder strap provided for easy handling. Exterior well painted and interior provided with 2 mm. cork sheet.

BR-281 INSECT STORAGE BOX

For pinning and storing insects. Comprises of a fine polished wooden board with glass cover. The bottom is lined with thick sheet. Inside glazed white with art paper. Doubled walled and perforated fumigation chamber provided. Size 45 x 30 x 7.5 cms.

BR-282 ENTOMOLOGICAL PINS

Size.

- A) 12, 15 and 18
- B) 26 and 30
- C) 38

BR-283 INSECT SPREADING BOARD

Wooden, covered with non scaring, synthetic sheet suitable for repeated pinning without leaving pin marks. Groove smoothly adjustable in width for various sizes of insects up to 12 mm.

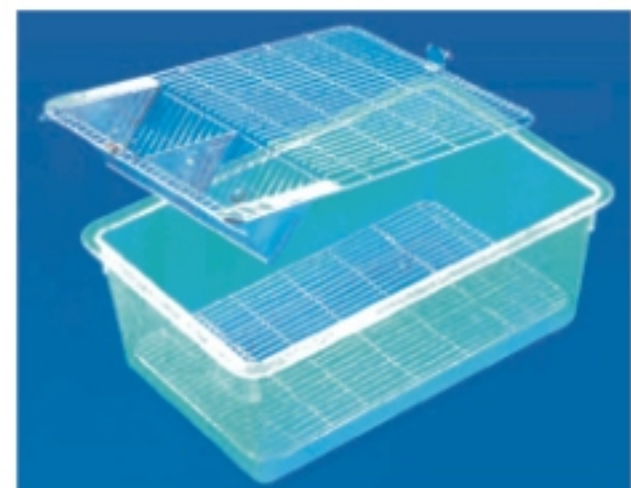

BR-284 ANIMAL CAGE POLYPROPYLENE

Polypropylene, provides excellent shelter for different animals species in the laboratory. The metallic top provides proper ventilation and has provisions for feeding the species.

Sizes:

- 29 x 22 x 14 cms.
- 43 x 27 x 15 cms.

- Water Bottle 125 ml.
- Water Bottle 250 ml.

INSECT COLLECTING NETS

BR-285 INSECT COLLECTING NET

Ring made of iron wire supported on anodized aluminum pipe handle with fine rubber grip at end. Length of handle 75 cms. fitted in ring through 5 cm. wide cloth rim. dia. to bag at free end 25 cm. Ring dia. 30 cm.

BR-296 INSECT COLLECTING NET

Ring made of iron wire supported on handle with fine rubber grip at end, length of handle 75cm. 75 cm. long net fitted in ring through 5 cm. wide cloth rim. Dia of bag at free end 25cm. Ring dia 30cm. This is available in aluminum handle, iron handle and wooden handle.

BR-287 BUTTERFLY & GRASSHOPPER NET

Soft nylon mesh of netting will not harm insects. With 36" long aluminium handle and 16" diameter aluminium bowl.

BR-288 FISH AND BUTTERFLY NET

Light weight, with collapsible 23" long handle and deep bag. Folds for easy storage.

BR-289 PLANKTON NET

35" long collection bag made of strong bolting netting cloth suspended by muslin reinforcement and mounted on a strong wire ring dia. 12". Three braided strong leads attached to swivel front. Lower end is provided with 2" opening with strong cloth pocket for tying the collection vial.

BR-290 INSECT & LARVA COLLECTING NET

Bag diameter 16 inch made of muslin to catch the smallest specimen with 36 inch aluminium handle.

BR-291 AQUATIC NET

Strongly built for sweeping up of aquatic fauna and useful as a general utility aquatic net. Net ring and handle can be separated for easy carriage. Strong 'D' shaped ring frame dia. 12" with stout handle.

INSECT BOX

BR-292 CORCYRA EGG STERILIZATION CHAMBER

Sterilization chamber made of mild steel and is divided into two equal parts by horizontal partition. Each partition provided with a drawer which has a semi circular base. In the inner surface of the semicircular base the drawer is provided with longitudinal flanges of 2mm thick and 9cm apart. These flanges prevent the egg bearing cards to glide one over the other from the curve surface. The ceiling of each drawer is provide with UV tubelight. Each tubelight is connected with a timer.

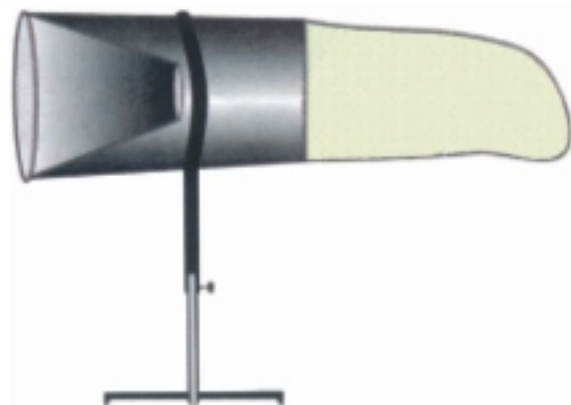

Capacity :

150 cards 50 cards 25 cards

BR-293 AERIAL INSECT TRAP

The trap is a barrel shaped body with both of its ends open. One of the ends is fixed with a hollow truncated cone which nests inside of the body of the barrel opens into a broad sleeve, which is kept tied from the other end thus forming a sac like structure. The narrow opening of the cone remains free in the core of the barrel. Trap is mounted on an upright which a telescopic arrangement for adjusting the height of the trap.

BR-294 INSECT LIGHT TRAP

Made of mild steel with a box at the bottom for placing killing bottle/tray length of funnel 30cm. diameter of funnel at the tail end 5cm., size of box 40x40x25cm., funnel coming into box for convenient collection of trapped insects into the tray. Provided with a shade to cover the whole equipment. Supports for stout construction and 5 meter long electric cord. Insect light trap is available with electric bulb, with fluorescent tube and with U.V. tube.

BR-295 CORCYRA CAGE

Made of MDF Planks. Top lids fits well in the main box and detachable. Lid provided with 20 mesh iron wire mesh secured with beeding. Provided with handle on sides. Well finished. Size : 43x23x12cm.

INSECT COLLECTING CABINETS

BR-297 INSECT SHOWCASE CABINET (LARGE)

Provided with 53x45x9 cm. size drawer for keeping insects. Drawer made of MDF with plywood bottom and removable glass top is lined with 8mm.thick EVA sheet and is glazed white from inside. Wooden batons with provision for insecticide fitted inside drawer. Glass top frame designed to make box airtight and pest proof. Fitted with index card holder and puller knobs. Finished in lacquer polish. Cabinet frame of plyboard finished with laminated sheet. Hinged door is provided with lock and handle and is lined with velvet.

Size : Cabinet with 12 drawer
Cabinet with 24 drawers

BR-298 INSECT STORAGE BOX/SHOWCASE

For pinning of insects both top & bottom inside. Teakwood frame with sunmica top & plywood bottom is finished in lacquer polish. Top & bottom lined with 8mm thick EVA sheet. Inside glazed white with art paper. Raised wooden wall with holes for insecticide, inside bottom to makes box air-tight and pest proof. Fitted with brass hinges index card holder and clips.

Size : 53x45x9 cm. 45x30x7.5cm.
38x25x7.5cm. 30x23x7.5cm.

Insect showcase : Specifications as above but top with glass.

BR-300 INSECT CAGES

Aluminium angle framework supported on wooden batons. Fine mesh provided on sides and top. Hinged door provided with clips for tight closing. Wooden bottom covered with sunmica from inside.

Size : 15x15x15cm.
20x15x15cm.
25x20x20cm.
20x20x20cm. (Folding Type)

BR-301 FUME HOOD

Fume Hoods are designed to contain and exhaust toxic, obnoxious harmful vapours, mists etc. particularly for protecting laboratory personnel and equipment. A motor blower system generates negative pressure within the enclosure extracting the contaminated air from the work area and expels it into outside atmosphere. Highly recommended in different laboratories like Biochemistry, Soil test, Food Microbiology, Pharmaceuticals units, Printed circuit board earthing and cleaning operations, miniature component assembly etc. These are capable of handling corrosive fumes of sulphur & Hydrochloric acid etc. Fume hood made of stainless steel. Acid resistant. The work surface is fitted with small wash basin with good quality tap. A gas cock is also fitted for gas supply. A sliding slash made of toughened weight. Chamber is fitted with 20W fluorescent light. The space underneath the work station is provided with storage compartment for proper uses. 15/5 Amp socket with switches is provided for light and exhaust system, supplied with cord and plug to work on 220/440volts 1/3 phase 50Hz A.C. Complete with exhaust system and stainless steel Deck & Dust to take out fumes.

DISPLAY SYSTEMS

BR-302 PERFORATED BOARD

A unique system for display of information through interchangeable letters, figures & graph symbols. Perforated background provided by a stout perforated board supported by elegant Aluminium frame. Hanging hooks on ends. Beautifully finished.

Size : 30x20 cm.	45x30cm.	60x45cm.
90x60cm.	120x60cm.	120x90cm.
120x120cm.	150x90cm.	180x90cm.
180x120cm.		

BR-303 EXHIBIT PANEL

Single side display. Soft pinning board wrapped in blazer cloth secured in aluminium frame with hanging hooks on ends.

Size : 60x45 cm.	90x60cm.	120x60cm.
120x90cm.	150x90cm.	150x120cm.
180x90cm.	180x120cm.	

BR-304 EXHIBIT PANEL FOR OUTDOOR

Both sides display. Soft pinning board wrapped in blazer cloth secured in aluminium/MDF frame mounted on stout metal stand with height adjustment knob.

Size : 120x90cm.
150x90cm.
180x90cm.

BR-305 GREEN CHALK BOARD

Green background board is securely fixed in aluminium frame with hanging hooks on ends.

Size : 45x30cm.	60x45cm.	90x60cm.
120x60cm.	120x90cm.	120x120cm.
150x90cm.	180x90cm.	180x120cm.

BR-306 MAGNETIC BOARD / WHITE BOARD

White glossy surface, Board securely fixed in aluminium frame with hanging hooks on ends. Supplied with duster and four marker pens. Four magnetic buttons supplied with magnetic boards.

Size : 45x30cm.	60x45cm.	90x60cm.
120x60cm.	120x90cm.	120x120cm.
150x90cm.	180x90cm.	180x120cm.
